

Sermon Series in January on Colossians

We shall be starting a new series of sermons on 7 January through to 4 March 2018 on Paul's letter to the Colossians. As Paul travelled all over the Roman Empire preaching the gospel and starting churches, new problems arose for him. How could he keep these communities of new believers going in the right direction after he was gone? In addition to prayer, letter writing was key to his strategy for strengthening and building the church. As we read this letter we may want to ask ourselves: 'What could I do to strengthen and encourage the Christians around me?' Perhaps ask God to show you how you can join Paul in his mission to build the church.
