

The Alpha course - Taster session end of January

Many of our friends have questions about whether we really can know God in a personal way and experience his power in our lives; whether it is true that faith in Jesus really can open the way for us to know God in this life; whether the resurrection of Jesus really happened and how it gives a foundation of hope to our lives; why Jesus' death on the cross is really important for knowing we are forgiven; and many more questions! The Alpha course is a great way to explore these questions. May we encourage you to invite friends you know to come along to a 'taster session' of an Alpha Course on Monday 22 January. We meet at the vicarage at 7.30pm. Please telephone Richard on 016977 41304 if you and friends are planning to come.
